The following skaters: Jayden Serrao, Rae-Lyn Lanteigne, Avery Grouette-McDougall, Regan Boyd, Abigail Leduc and Keayra Gascon took part in a pilot program with Skate Canada. The Introductory FreeSkate was not marked in placement order but was marked individually and each skater received a report card. The report card was marked in three areas: Skating Skills, Performance and Transition. Each area was marked bronze, silver or gold. The skater was given a final report with the level or bronze, silver or gold. If the skater received gold they are to move up to Pre-Preliminary the next competition. The report card will allow the skater and the coaches to work together to improve on areas that require extra help. Skate Canada is looking at adopting this for all competitions in the near future once they receive further input from skaters, parents and coaches.
